

Amit Kumar

Python Developer , Full Stack Developer

👤 Profile

I am a dynamic and results-driven professional with experience as an Organizer at Google Developer Group Gurugram and an Associate at VXXIV Corp. I also have a background as a Graduate Engineer Trainee at Autoliv India Pvt Ltd. I am skilled in strategic planning, communication, and creative problem-solving. With a strong attention to detail and the ability to work well in a team, I have successfully contributed to the growth and success of the organizations I have been a part of. My technical skills include Python, machine learning, deep learning, CSS, HTML, and Django. I am seeking a position as a Python Developer or Full Stack Developer where I can continue to utilize my skills and contribute to the success of a company.

📁 Employment History

Organizer at Google Developer Group Gurugram

January 2023 — Present

Lead and organize events, workshops, and meetups for the Google Developer Group Gurugram. Collaborate with a team of fellow organizers to plan and execute successful events that bring together developers and technology enthusiasts.
